Chris Sass, President  
CGElectric  
11657 Riverside Drive, Suite 165  
Lakeside, Ca. 92040

Dear Chris,

I just wanted to thank you for all of your support and help during our initial tenant improvement and ongoing through our daily operations since then.

Together We Grow is dual licensed as a Pediatric Day Health Care Center and a licensed childcare center. As such, our physical plant requirements were so complex, we had to put them on a matrix to establish what we needed to have done.

It took us over one year to meet all of those regulations and complete the approval process. The outcome was well worth the effort; we actually received an award from the ABC building association. Our children, both special needs and typical, have enjoyed the wonderful environment you helped us create. Our home is our Castle!

Your efforts were incredible. You came in on time and on budget and were able to adapt to our changing needs as the construction progressed.

More importantly, you have been supportive of our ongoing needs after the build out was completed. You've been just a phone call away if we needed help (like the time the "jumpy" structure tripped a breaker during the Halloween carnival, or when we had a problem late one Saturday night during a respite weekend in Oceanside, or.....)

When we count our blessings that help us help our kids, you are definitely at the top of the list.

Thank you for all that you do. If the President of a Company is the "keeper of the ethics and corporate culture by example", then CGElectric is in good hands, and it shows!

Sincerely,

Terry J. Racciato, RN, PHN
